Sometimes there are problems viewing large PDFs in Adobe Reader. PDF documents can take a while to open and when scrolling, Adobe Reader can freeze and, occasionally close down altogether.

2609. What should I do if Adobe Reader crashes, stops ...

Distance is a numerical measurement of how far apart objects are. In physics or everyday usage, distance may refer to a physical length or an estimation based on other criteria (e.g. "two counties over"). In most cases, "distance from A to B" is interchangeable with "distance from B to A". In mathematics, a distance function or metric is a generalization of the concept of physical distance.

FLAT TOWING OF NISSAN VEHICLES

Long-distance swimming is distinguished from ordinary swimming in that the distances involved are longer than are typically swum in pool competitions. When a given swim calls more on endurance than on outright speed, it is the more likely to be considered a long-distance swim.
