soviet economists of the pdf

The Soviet Union, officially the Union of Soviet Socialist Republics (USSR), was a socialist state in Eurasia that existed from 30 December 1922 to 26 December 1991. Nominally a union of multiple national Soviet republics, its government and economy were highly centralized. The country was a one-party state, governed by the Communist Party with Moscow as its capital in its largest republic, the ...

Thomson Learning 3. Land refers to the physical space on which production takes place, as well as the natural resources found under it or on it, such as oil, iron, coal, and lumber. Anything produced in the economy comes, ultimately, from some combination of these resources. Think about the last lecture you attended at your college.
